Compliance:

Our vision is to build a better future for our planet, working hard to ensure that environmental sustainability and low carbon impact is at the forefront of our thinking and innovation. As a responsible and ethical brand we ensure all of our manufacturing methods go above and beyond the ideals of our growing customer base, using only factories that are GOTS, RCS, SEDEX, BSCI or Oeko-Tex Certified

Why use Recycled Cotton?

Waste cotton is collected and sorted by colour → 'Clips' are shredded and blended with recycled polyester derived from waste plastic bottles → Re-spun and knitted into new gar

Recycles:

- On average 0.22kg of cotton waste and 19 plastic bottles per sweater

Reduces:

- The land mass needed to grow new cotton; saving 200g of pesticides and fertilizers as a result
- Energy usage; saving 3.2kwh

Saves:

- 20,000 litres of water
- 2.7kg of dyes and chemicals
- 11kg of CO2 emissions
